Introduction

Dear Parents and Carers

Thank you for your interest in our school. We are proud to serve the local community and work closely with families to help our children develop both academically and socially within a happy and supportive learning environment.

We believe in ‘going the extra mile’ for every child and we promise to maintain high aspirations for all children and provide an exciting curriculum that will foster a lifelong love of learning. We invite you to come and take a look at what ‘the extra mile’ looks like in action at Alderman’s Green. You will be made most welcome.

If you require any further information, please do not hesitate to contact me.

Mrs. Deborah Fulford
Headteacher
At Alderman’s Green we believe reading is a key tool for life. Teaching children to become excellent readers is a large and exciting part of what we do. We aim to give each child special one to one reading time, we have a well-stocked library and an experienced librarian.

“Reading"

At Alderman’s Green we believe reading is a key tool for life. Teaching children to become excellent readers is a large and exciting part of what we do. We aim to give each child special one to one reading time, we have a well-stocked library and an experienced librarian.

“Writing"

At Alderman’s Green we believe writing is really important. We have lots of exciting opportunities, trips and visitors to inspire pupils. We have lots of excellent teaching and support to ensure children make excellent progress. Pupils will normally have a literacy lesson in the morning which is a mixture of learning about reading, writing and speaking and listening.

“We have lovely rooms, like the library.” Kenza

“I enjoy eating the yummy lunches.” Kenzie
Mathematics

At Alderman’s Green we believe that Maths should be exciting and fun for everyone. Our mathematics curriculum covers everything from cooking with weights and measures all the way through to long division and algebra. New mathematical ideas are introduced with lots of hands on practical work and embedded with practice and problem solving.

Computers

At Alderman’s Green we believe that ICT can help pupils make accelerated progress. We support pupils to develop their skills such as researching, typing, editing and art skills. We then use those skills in our project work. We have laptops and Ipads around the school.

“Maths is fun and exciting” Connie Mae, Alysha and Jodie
Music and Art

At Alderman’s Green we believe that Music and Art are vital for creative development. Pupils are taught the skills they need and then we help them to apply those skills to achieve wonderful high quality pieces of work. We have a large range of musical instruments, so there is something for everybody.

Languages

At Alderman’s Green we believe that learning another language is very important in today’s world. We teach Spanish from year 1 to year 6. We make lessons fun and interactive. We are twinned with a Spanish School and talk to the children there.

“It’s fun to learn words in a different language.” Maria

“My favorite subject is music because it makes me feel good.” Olivia
At Alderman’s Green we believe that PE is very important. We know that children love our PE, partly because there are lots of different types carried out throughout the year, including swimming. Our main hall is large with a range of equipment and there is also lots of outdoor space, we certainly have enough room to do things properly.

“We have specialist teachers in PE, Music and Spanish.”

Physical Education

At Alderman’s Green we believe that PE is very important. We know that children love our PE, partly because there are lots of different types carried out throughout the year, including swimming. Our main hall is large with a range of equipment and there is also lots of outdoor space, we certainly have enough room to do things properly.

“We have a lovely playground and delicious food.” Diana
Our school makes a difference because we are committed to going the extra mile.

We do this by...

Going the extra mile to support the academic and pastoral needs of our whole school family

Going the extra mile to be a community who have the skills necessary to enjoy a lifelong love of learning

Going the extra mile to provide a rich and relevant curriculum designed to make learning irresistible to everyone

Going the extra mile to ensure all children are confident in the core skills of Language, Literacy, Mathematics and ICT

Going the extra mile to identify, encourage and develop talents

Going the extra mile to develop aspirational citizens of a diverse and changing world who are able and willing to make a positive contribution

Going the extra mile to be the best that we can be!
